

DEPARTMENT OF PHYSICS AND ASTRONOMY

COURSE REPEAT FORM

Note: While the general SSU course repeat policy allows for students who receive a C- or below to repeat a course, the Department of Physics and Astronomy has placed a requisite that restricts registration for ANY repeats, including withdraws. In order to enroll in a course that will be a repeat, you must complete and submit this form to the Physics and Astronomy department at Darwin 300 or email to PADept@sonoma.edu. Permission to enroll will be granted based on the instructor's discretion and space availability after students who are not repeating have had a chance to enroll.
